As a homeowner and local business owner, I bring a perspective grounded in leadership, service, and a strong commitment to community. I came to the United States as an international student, earning my degree in Business & Marketing while competing in college tennis. I then spent over a decade helping grow Giammalva Racquet Club before purchasing it in 2021.

Today, I operate Giammalva Racquet Club & Elite Academy, a multi-sport facility serving hundreds of families across Houston. Through this work, I have gained extensive experience in budgeting, financial planning, vendor management, and team leadership. I understand the responsibility of managing shared resources and making thoughtful, long-term decisions.

Gleannloch Farms is where I have chosen to build my home, and I am committed to giving back to this community. I am not seeking this role with a personal agenda, but with the goal of contributing my skills to serve all homeowners.

Over the years, I have built and led teams, navigated challenges, and created a strong sense of community within my organization. I believe the same principles—clear communication, accountability, and trust—are essential for a successful HOA.

My background has also given me the ability to connect with people from diverse perspectives and ensure all voices are heard.

I would be honored to serve this community with integrity, dedication, and a focus on what benefits Gleannloch Farms as a whole.
